encyclopedia that collects music metadata and makes it available to the public.

```

xbmc

MusicBrainz aims to be:

- The ultimate source of music information by allowing anyone to contribute and releasing the data under open licenses.
- The universal lingua franca for music by providing a reliable and unambiguous form of music identification, enabling both people and machines to have meaningful conversations about music.

Like wikipedia, MusicBrainz is maintained by a global community of users and we want everyone – including you – to participate and contribute.',

'xbmc.metadata.scrapers.artists', 'MusicBrainz', 'MusicBrainz Artist Scraper', 'MusicBrainz is an open music
encyclopedia that collects music metadata and makes it available to the public.
MusicBrainz aims to be:
- The ultimate source of music information by allowing anyone to
contribute and releasing the data under open licenses.
- The universal lingua franca for music by providing a reliable and
unambiguous form of music identification, enabling both people and machines to have meaningful conversations
about music.

Like wikipedia, MusicBrainz is maintained by a global community of
users and we want everyone - including you - to participate and contribute.',
